Systems affected:	*800S*		

DESCRIPTION

For reasons of hygiene the 800S Perspex Guard (3801-3397) is no longer available. As you will also be aware (from SIC 766) the narrow version of the 800S stainless meat table (4601-3908) is also no longer available. As a result only the wide version of the 800S meat table (4601-3899) is available.

RECOMMENDED ACTION

If you have to replace a narrow table with the new wider version it is mandatory that you replace the pusher plate assembly. Please see photo and table below:

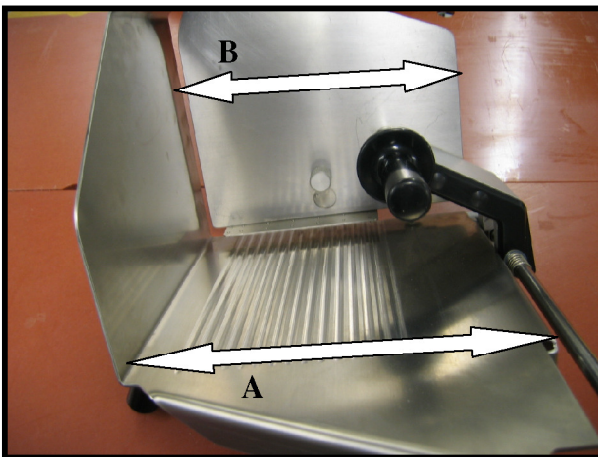

TABLE / PUSHER PLATE DIMENSIONS	'A' (mm)	'B' (mm)
Narrow version	240	230
Wide version	262	252

The part numbers for the wide version stainless steel meat table and pusher plate are as follows:

Part Number	Description
4601-3899	Wide stainless steel meat table
4601-3853	Wide pusher plate complete assembly
